

All booths are standard 10 feet wide by 8 feet tall with three foot high side walls extending from the rear of the booth outward toward the aisle and the front of the booth. Solid prefabricated displays over 4' tall may only be erected to extend 4' outward from the rear wall. No solid display material may extend higher than 4' in the front 4' section of the booth, so you do not block the view of your neighbors booth. Garment racks, and standing floor displays are permissible as long as they do not block the view of your neighbors booth.

Apparel and other merchandise for sale may be hung on the draped rear and side walls with hooks available at the show at no charge from the decorator.
